

Year 6

LEAVERS SPECIAL- We're getting closer to that time Year 6 and we're as gutted as you are that you haven't had the chance to do the usual leaver activities due to the current circumstances. However, it isn't the beach parties and the Leavers' Assemblies that make this part of the year the most memorable: it is the relationships and friendships you have formed, the experiences you have enjoyed and the people you have become that remain as your legacy as Birchgrove's Year 6 leavers.

The activities listed here are all centred around reflecting on your time in Birchgrove and looking forward to your next challenge in secondary school. We would love you to give these activities a try as they could really help you process everything you have achieved. If you do, then please share these with us, either through Twitter, J2e or email if you would prefer to keep your work private.

Over to you!

Monday

- Write a letter to a member of staff that helped you at some point during your time at Birchgrove Primary. Organise your points into detailed paragraphs; use the first person and address the member of staff you have chosen directly. You could share on Twitter or if you email it to Mr Middleton/Mr Bennett, then they will try and forward it to the person themselves.

Tuesday

- Tell us your favourite memory from your time in Birchgrove Primary along with an illustration of that moment. Explain what happened, when it was and who was there in as much gripping detail as you can.

Wednesday

- Listen to 'Fireweed- Chapter 5' on your J2e. Make a start on the related questions.
- Complete the 'Writing My Future-An Autobiography' task on J2e. Think really carefully about your answers and try and explain using as much detail as possible.

Thursday

- Complete your 'Fireweed' tasks for Chapter 5. Don't forget to share your work on J2E or Twitter.
- Create a sign with the ONE word that you think sums your personality up. Get someone to take a photo of you holding your sign (and looking amazing) and then send it to Mr Middleton or Mr Bennett via middletonp1@hwbcymru.net or bennettc88@hwbcymru.net. We would love to get all 58 pictures so see if you can make it happen! >> Like this but about your personality

Friday

- Create a portrait of yourself and then surround the image with memories of your time in Birchgrove. Whether you do this in pencil, paint, or even use a photograph and digital words is completely up to you.
- Since we haven't seen any entries from last week, we would still like you to choose one song that sums up your time in primary school. Consider the mood, lyrics and meaning of the song and explain to us why that song fits your primary school memories best.

Stay safe,

Mr Middleton, Mr Bennett, Miss Williams, Mrs Smyth
