What would the total cost be then, after the reduction? How much change would Mr Salt have from £1500 then?	Life in the rainforest is very different to the life we live here in Birchgrove, research the types of food that are available in the Amazon rainforest and create a menu of the different items. Once you have created your menu, design a poster to show your menu. Include lots of positive and persuasive language to entice me to eat the food on offer. eg. This banana soup has been made with water from the Amazon river and the ripest, yellowest bananas that the monkeys in the tree have ever seen. Post an image of your work on Twitter using #BGP3	The sounds of the rainforest can be surprisingly loud at night but then, at the same time there are quiet, soft sounds made by different creatures or the movement of the wind. Find a video that lets you listen to these sounds. Write down what sounds you can hear. Can you improvise and copy these sounds using items from your house? Record yourself making a short sound clip of the Amazon Rainforest using everyday items. Post your recording on Twitter using #BGP3
