

## **KS2** **Y3, Y4, Y5 & Y6**

To enable your child to access their learning in the event of school closures, there will be an assortment of activities available to them through the following online portals:

### **J2e**

In each child's J2e account (located via logging in to [hwb.gov.wales](http://hwb.gov.wales)) they will find three folders within their 'Shared Files' entitled 'Maths', 'English' and 'Topic'. In these folders, your child's class teacher has selected appropriate resources for them to complete. On most 'Twinkl' resources there will be a choice of 1, 2 or 3 stars where a sheet with 3 stars is most challenging. Where there are questions to be completed, the answers will usually be provided in the same document.

Teachers are not expecting answers to be submitted or saved via J2e but are encouraging parents and guardians to use their judgment on how and when to complete activities.

On our school website [www.birchgroveswansea.co.uk](http://www.birchgroveswansea.co.uk) there will be a tutorial showing how to access these resources if you need further assistance.

### **TT Rockstars**

All children have a TT Rockstars username and password, allowing them to access <https://play.ttrockstars.com/> and practise their multiplication facts. Through Garage and Arena challenges, they can practise the specific times tables they need to improve and through Studio and Festival modes, they will be tested on all facts to 12 x 12. Encourage the children to use Rock Slam to challenge their friends to a one-off battle to see who is fastest.

### **School Website**

On our school website [www.birchgroveswansea.co.uk](http://www.birchgroveswansea.co.uk) there are spellings for every spelling level to learn, rehearse and use. Children could be tested on these at home or be challenged to write short stories or paragraphs using as many of these words as they can.

Also on this site, you will find web links to other useful education websites featuring games, activities and resources to keep the children engaged and entertained.
